## 49 Perish As Airliner And AF Jet Crash-- 2 NEBRASKANS LOSE LIVES

### —Demand That U.S. End Arctic Flights Dropped— Stunning Setback Dealt Russ In U.N. ... Red Resolution Faced Certain Defeat

United Nations, N.Y. (P)—The Soviet Union Monday night withdrew its demand that the United States be asked to end Arctic flights of the U.S. Strategic Air Command on the grounds that they could trigger an atomic war. Soviet Delegate Arkady A.

Sobolev took the action in the U.N. Security Council, where a Soviet resolution condemning the United States for such flights faced certain defeat. Sobolev said he was withdrawing his resolution because U.S. Ambassador Henry Cabot Lodge, the council

president, had steamrolled the Council toward a vote.

#### Lacked The Votes

Lodge replied that "the simple fact was that the Soviet Union did not have enough votes to push its proposal through."

The surprise Soviet move came after 6 hours of debate. Eight of the Council's 11 members had lined up in support of the United States.

In announcing withdrawal of his resolution, Sobolev accused the United States of "preferring to sidestep free discussion in the Council and restoring to the voting machine."

"Under the circumstances the Soviet Union does not find it possible to submit its resolution to a vote," he said. "As a sign of protest we withdraw our draft resolution."

During the debate Lodge vigorously rejected Soviet charges that the flights by U.S. planes carrying hydrogen bombs could accidentally set off atomic war. He declared they will be continued to enable the free world to meet the threat of Soviet aggression.

#### Delay Sought

Sobolev sought unsuccessfully to delay the vote until Tuesday.

Only Sweden remained silent in the council. Canada, Nationalist China, France, Britain, Japan, Colombia, Iraq, and Panama all supported the United States.

Most of the delegates questioned the motives of the Soviet Union in bringing up the issue when the big powers are negotiating for a summit conference.

The Soviet complaint was voiced for the first time in Moscow last Friday, and asked for urgent consideration by the Council.

In his final rebuttal Sobolev declared that a summit conference is the only way to settle the East-West disarmament deadlock. He added: "And this way has so far not come about, owing to the obdurate resistance of the United Kingdom, France and the United States."

Lodge told Sobolev that "to calumniate the United States as you are doing today is not the action of someone who wants a summit conference, not the action of someone who wants peace."

### Committee Named To Study Joint City-County Planning Bd. Proposal

By Virgil Falloon

Possible creation of a joint city-county planning commission moved a step closer Monday when the City Council agreed to a 3-member committee to study contractual and legal details.

Councilman C.W.D. Kinsey was named as the city representative on the committee. Other members, not yet announced, will represent the County Board and City Planning Commission.

This action followed another

report to the Council by Atty. Robert Guenzel, chairman of the Chamber of Commerce City-County Affairs Committee, and a letter containing the county proposal from County Board Chairman Russell Brehm.

The Council also directed City Atty. Ralph Nelson to consult with the County Attorney's office about legal aspects of the proposed joint planning procedures.

In connection with the creation of a joint city-county

planning commission, the county would develop planning rules and regulations compatible with the city's, Guenzel said.

The present membership would be reaffirmed to the joint commission, but an additional member, with Council approval, would be named by the county.

The 3-member committee, under the outlined proposal under study, would work with Harland Bartholomew & Associates concerning the enlargement and amendment of a contract to up-date the city comprehensive plan to include the county.

Guenzel said the city would maintain its contractual relations with the St. Louis, Mo., planning firm, but the county would reimburse the city for services to the county.

The committee would also study future procedure to establish a county building code that is compatible with the city's. Also county inspections would be made by the city building inspector, but the city would be reimbursed for this service.

Guenzel urged the joint planning commission as resulting in better and more economical government for both the city and county.

### Thousands See Fiery Plunge ... Near Town Of Las Vegas

Las Vegas, Nev. (P)—An eastbound airliner carried 47 persons on a screaming, 4-mile death dive Monday after colliding with an Air Force jet trainer high above the Nevada desert.

The big United Air Lines 4-engine DC7 and a supersonic F100F from nearby Nellis Air Force Base came together in a flashing explosion 21,000 feet in the air. The two men aboard the jet rode it to their deaths.

Two native Nebraskans aboard the airliner were killed. They were Mrs. Nellie O'Brien of Mullen and C. E. Woods, the flight engineer, a native of Mullen who was living at Aurora, Colo.

A number of businessmen and key defense industry figures were aboard the airliner, en route to Washington and New York.

#### Student Blindfolded

The Air Force said its plane went aloft on an instrument training flight during which a blindfolded student pilot operates the ship in response to radio signals beamed from the ground. An instructor in a forward uncovered cockpit was also in the dual control fighter-bomber.

Just before the collision the jet was given instructions to let down from 28,000 feet to 16,000 feet on instruments.

#### Frantic Call

A frantic radio call from the stricken airliner was monitored moments after the collision. United Air Lines said the pilot's last words were:

"United Air Lines 736 (the flight number). Mayday (the aircraft distress call). Mid-air collision over Las Vegas, 736."

That was at 8:30 a.m. After that, there was no more.

The jet was following normal procedures for such a flight, an Air Force spokesman said, and had not reported any engine trouble or flying difficulty before the collision.

Thousands in this gambling resort town saw the fiery plunge of the huge silver transport.

#### Starts Slow Spin

"A huge puff of white smoke came from the plane and it started spinning slowly," said a Las Vegas newspaper photographer, Dennis Schieck. "Then bright orange flames shot out of the wing. It was a spectacular sight."

The bodies of nearly all the victims were badly burned and mangled.

A list of passengers aboard the airliner on Page 2.

### Mrs. O'Brien, Mullen, Killed In Air Crash

Mullen, Neb. (P)—Mrs. Nellie O'Brien, one of the victims of a Nevada air crash Monday, lived on a ranch about 19 miles south of Mullen with her son Claude and his family.

Sheriff Clifford B. Hudle said Mrs. O'Brien had been in California most of the winter visiting a daughter who lived there.

Woods and apparently was on her way home at the time of the crash.

Mrs. O'Brien's husband died several years ago. They had been Sandhills ranchers since the early 1930s or before, the sheriff said.

C. E. Woods, 43, the flight engineer, also killed, was formerly a United Air Lines mechanic stationed at Cheyenne.

Woods was also a native of Mullen. He lived in suburban Aurora, Colo.

### Regent, Deans Meeting Just 'Get-Together'

University of Nebraska Regents met Monday night with deans in what was described as "an informal get-together designed to get the Regents and deans better acquainted with each other."

Two NU deans attended the Monday evening dinner and discussion at the Student Union. University authorities said the meeting was "informal" and included no discussion of the budget.

The pre-meeting meeting was closed to the press and public.

Formal Board of Regents meeting is scheduled for 2 p.m. Tuesday. Items expected to be discussed include the University budget and a faculty committee report on methods of teacher certification and training.

### Tractor Spill Near Gretna Kills Sievers

Gretna, Neb. (P)—Claus Sievers, about 50, long-time Sarpy County farmer, was killed late Monday when his tractor overturned on him in a field north of Gretna.

The Sarpy County sheriff's office said the tractor tipped over and Sievers was pinned beneath it. He was found by his wife, who had gone in search of him.

The mishap occurred on private property and will not be counted against the state's traffic fatality toll for the year.

#### Today's Chuckle

Salesman of high-priced car talking to prospect: "Driving this car is virtually effortless — leaving your entire mind free to figure out how you will meet the payments."

### HST Claims GOP Robbing Citizens ... 'To Pay Off Gigantic Financiers'

Washington (P)—Former President Truman accused the Republican administration Monday night of robbing ordinary citizens "to pay off political obligations to the gigantic financiers."

Truman, still peppery at 73, sounded like the give-'em-hell candidate he was in 1948 in a speech for the National Conference of Democratic Women.

He made the stealing charge in a discussion of how the Eisenhower administration has handled the public debt and money matters in general. He said:

"During the past few years the Treasury has deliberately jacked up interest on the government's financing and refinancing all along the line."

"But this is not all. Generally speaking, it has jacked up interest rates most on the types of obligations bought or sold by great financial institutions or wealthy individuals, and raised interest rates least on the obligations bought or held by average American families—for example, certain types of savings bonds."

"Moreover, the Treasury has juggled around its short-term and long-term issues, and its types of issues, so as to rob the ordinary citizen to pay off political obligations to the gigantic financiers."

#### 2,000 Workers

The conference attracted 2,000 women party workers from all over the country, and the Democrats wheeled out their biggest guns.

Adlai E. Stevenson, Gov. Averell Harriman of New York and Mrs. Eleanor Roosevelt fired off salvos at a luncheon.

The shrilly cheering women heard the Eisenhower administration accused of inaction and ineptness, of letting America's prestige and power deteriorate abroad. They heard appeals to help throw Republican officeholders out in the fall congressional elections.

In what the gathering took as a massive understatement,

HST OPENS UP

Mrs. Roosevelt remarked: "Sometimes I think the men in charge of our administration are not as understanding of the world in which we are living as they should be."

#### Brief Talk

Stevenson quipped his way through a brief talk, to the delight of his listeners. But he was serious, too. The man the Democrats nominated twice for President against Eisenhower told the Democratic women that women believe in humanity, social justice, education, an expanding economy and a hope in the future.

The conference honored the 25th anniversary of the New Deal founded by Franklin D. Roosevelt.

### Sherman Brown Files For Divorce From His First Wife

Sherman Brown, the 34-year-old Negro whose Havelock home was set afire by an unknown arsonist Apr. 12, Monday filed a divorce suit in Lancaster District Court against his first wife.

Brown alleges in the suit that Dorothy Mae Brown, whom he married July 19, 1946, in Melville, La., "abandoned" him in September, 1948. This desertion, he alleges, entitles him to a divorce for extreme cruelty.

Brown alleges his wife has changed her last name to Allen and now lives in Houston, Tex.

Police Chief Joe Carroll had reported Apr. 16 that a lie detector test given Brown in connection with the fire had revealed that the woman with whom he was living at 4210 No. 60th was only his "common-law" wife. This Mrs. Brown is now in Alexandria, La., visiting her relatives.

### Judge Ellis Of Beatrice Dies At 61

... Stricken In Court

Lincoln Star Special

Beatrice, Neb.—District Judge Cloyde B. Ellis, 61, died unexpectedly about 4:30 p.m. Monday while he was presiding in his court. Death was believed due to a heart attack.

The attack came while Judge Ellis was hearing a damage suit involving the Holmesville school district.

Judge Ellis was a native of Wymore and practiced there for a number of years. He was appointed judge of the 18th district by Governor R. L. Cochran in 1937 to succeed Dist. Judge Fred W. Messmore who became a state supreme court judge.

A graduate of the University of Nebraska College of Law, Judge Ellis was a World War I veteran. He had served as president of both the Wymore Board of Education and the Wymore Chamber of Commerce. He was affiliated with the Masonic Lodge, York Rite Masons, Odd Fellows Lodge, Elks Club, Eagles Lodge, and Episcopal Church.

Survivors include his wife, Marguerite; a son and a daughter.

Judge Ellis was in the midst of an involved power suit at the time of his death, although no hearings on the case were being held this week because of the Holmesville case.

On April 7 Judge Ellis began hearing Consumers Public Power District's suit to nullify a power contract between the City of Beatrice and Norris Rural Public Power District. The case had been scheduled to resume next week.

The power suit and the damage case probably will have to be retired, according to Attorney General C. S. Beck, although attorneys, by agreement, could specify that a new judge could read the court notes of the case to date and take up the hearing from there.

JUDGE CLOYDE B. ELLIS

### Bankers Take Optimistic View

By Don Walton

A brighter national economic picture and "continued good" business in Nebraska were the optimistic predictions of the Nebraska bankers meeting in Lincoln Monday.

Ivan W. Hedge, president of the Filley Bank at Filley, was elected president of Group 1 of the Nebraska Bankers Assn., Inc.

Other officers elected at the first of a series of 6 group meetings of the Association to be held in Nebraska this week were Maynard Dunlap, president of the Farmers State Bank, Douglas, vice president; Robert Wekesser, vice president of the National Bank of Commerce, Lincoln, secretary-treasurer.

Several Lincoln-area bankers told The Star that business will "turn up" in the near future. Few cared to predict just when the national economy will jump, although one Lincoln banker set the time as "now."

#### Continue Good

As for Nebraska, the bankers said that business here would "continue" to be good.

IVAN W. HEDGE

with minor unemployment, good moisture conditions and a "good outlook." Gov. Victor Anderson, president of the Havelock National Bank, earlier told the 130 bankers gathered here that Nebraska's business picture looks "good."

Other observations by the bankers: oppose heavily increased public works spending, oppose tax reduction, oppose increased government action on the recession "until the economic atmosphere clears."

The recession is a reflection

tion of sharp increases of consumer spending in 1955 and of business spending in 1956, William J. Korsvik, assistant vice president of the First National Bank of Chicago, told the group.

It is "actually a leveling off" from the expansion of those 2 years, he said.

#### Demand To Rise

Increased consumer, federal state and local government spending during the year will result in increased demand, Korsvik said. At the same time, reduction in inventories and decreased business spending (down 13% from last year) will limit supply and thus produce the need for new business expansion, he predicted.

This, Korsvik said, will mean an economic upturn "later in the year."

Fred Bruning of Bruning was named Group 1 delegate to the nominating committee for the state convention next fall. Alternates are H. R. Killinger of Hebron and Henry Gramann Jr. of Adams.

J. D. Stocker of Nebraska City was named to the resolutions committee for the convention. Alternates are Carl Mostrom of Ceresco and J. E. Sheldahl of York.

Bankers Assn. meetings are scheduled at Fremont and Norfolk Tuesday, at Hastings Wednesday, Alliance Thursday and Kearney Friday.

#### The Weather

NEBRASKA: Partly cloudy to cloudy Tuesday. Scattered showers west Tuesday afternoon or evening. Rain likely east Wednesday. High Tuesday 55 to 65.

KANSAS: Scattered afternoon thunder showers west Tuesday. Tuesday night rain or scattered thundershowers over most of state. Warmth east Tuesday night. High Tuesday in 60s.

# Inaction Charged By Harriman

## Do-Nothing Tag Hung On Eisenhower

Washington (AP)—Gov. Averell Harriman of New York accused the Eisenhower administration Monday of taking a do-nothing, indifferent attitude toward the recession.

The Democratic governor made the charge in a speech to a National Conference of Democratic Women while these and other things were happening on the economic front:

- Spence's Prediction**
1. Chairman Spence (D-Ky) of the House Banking Committee predicted that Congress will pass a bill to lend states and cities up to 2 billion dollars for local public works. The Senate has passed such a bill, limited to one billion.
  2. Sen. Mansfield (D-Mont) offered a bill to increase individual exemptions on income taxes from \$600 to \$800 and to repeal federal taxes on many items, including cars. He acted in the face of indications that Congress will deny a decision on tax cutting until June or July.
  3. Chairman William McCleskey Martin of the Federal Reserve System predicted that interest rates on home mortgages and small business loans will go down as a result of new federal money policies.
  4. Sen. Kuchel (R-Calif) indicated he will support an attempt to override President Eisenhower's veto of a bill to authorize 1½ billion dollars worth of rivers and harbors projects. More often than not Kuchel goes along with the administration.
- Harriman came down from New York for 2 appearances, one before the Democratic women and one before the House Banking Committee.
- He told the women that the recession is "man-made, resulting from ill-advised federal policies . . . deepened by the inaction and indifference of the Eisenhower-Nixon administration."

## Passengers On Ill-Fated Plane

Chicago (INS)—The following list of passengers aboard the United Air Lines plane which crashed near Las Vegas, Nev., was issued by the UAL in Chicago:

Morton C. Aronson, 16, Encino, Cal.  
Samuel Rash Bailey, Los Angeles, Cal.  
John Barrett Emanuel, Redondo Beach, Cal.  
Jack Frederick, Downey, Cal.  
Robert H. Friedel, West Covina, Cal.  
Donald Kaufman, known professionally as Don Kaye, Los Angeles.  
S. Robert Kallenbach, Los Angeles.  
Mr. and Mrs. Andrew J. Noe, Richmond Hills, N. Y.  
W. Edward Nollenburger, Studio City, Cal.  
Mrs. Nettie O'Brien, Mullen, Neb.  
Frank E. Peltus, Spokane, Wash.  
Mrs. Helen A. Rachford, Pasadena, Cal.  
Robert Earl Rankin, Anaheim, Cal.  
Warren D. Rhodes, Santa Monica, Cal.  
Mrs. Rosalie Rubino Weinstein, New York City.  
Howard Arthur Thomas, Altadena, Cal.  
Lewis K. Weil, Los Angeles.  
Mrs. Bessie Wilson, Santa Ana, Cal.  
Dwight M. Black, Akron, O.  
Robert High, Palos Verdes, Cal.  
Ralph Kean, North Downey, Cal.  
Mrs. Clara Kleiboh, Cedar Rapids, Ia.  
Clare J. Larava, Los Angeles.  
Robert James McKinney, Alhambra, Cal.  
J. Peirce, Inglewood, Cal.  
Wendell A. Simmons, Glendale, Cal.  
William Harrison Torrance, Los Angeles.  
Norton Weiner, North Hollywood, Cal.  
Mr. and Mrs. David Lipson, Denver.  
Mr. and Mrs. J. W. Linneman Sr., Maryville, Mo.  
W. M. Leleo, Honolulu.  
Mary Mackay, Des Moines, Ia.  
Maj. Robert Edward Darmody, Palos Verdes, Cal.  
Charles D. Matlock, San Bernardino, Cal.  
Maj. Lyndell T. Higley, Manhattan Beach, Cal.  
Capt. Steve Paris, Manhattan Beach, Cal.  
Clayton Parsons, Redlands, Cal.  
Frank Albert Theobald, San Bernardino, Cal.  
Harold Eugene Thompson, San Bernardino, Cal.  
Five members of the crew also perished. They were:  
Capt. D. M. Ward, Denver, pilot.  
First Officer Arlin Edward Sommers, Denver.  
First Flight Engineer Charles E. Woods, Denver. (Native of Mullen, Neb.)  
Sewardess Pauline Mary Murray, 22, Watertown, Mass.  
Sewardess Yvonne Marie Petersen, 27, Sidney, Mich.

## NEBRASKA LOSING A BOOSTER:

# Departing NU Music Head Believes In Developing Culture In The State

By Nancy Benjamin

Nebraska is losing one of its best supporters in August — a man who believes in the future of culture in the state and has spent 17 years in building up his dream here.

Dr. David Foltz, chairman of the University of Nebraska music department, will leave in late summer to become chairman of the University of Wichita (Kan.) choral music and voice departments.

He leaves his University post at a time when, as he terms it, the music faculty and student body are the "best ever."

And his post at Wichita will be an even greater challenge, allowing him free rein in re-organization of his new departments — part of a new \$3 million music college building — and he'll have fewer administrative duties to a low him 80 per cent of his time in direct student contact.

DR. DAVID FOLTZ . . . spent 17 years building dream here.

## Directed All-State

The 45-year-old professor began his career in Nebraska on a part-time basis, as a director of the newly formed All-State Fine Arts Course instituted in 1941.

Since that time he has personally guided thousands of state high school youngsters into music careers, and dispelled their parents' doubts that "he (or she) can't make a living in music."

In 1945, Foltz came to NU as a professor of music, and later, in 1952, became head of the music department, instituting the University Madrigal Singers and other smaller choral groups which have gained national recognition.

The re-emergence of inter-

torio staged, the German "Manfred" was a first in the work in this country.

## Two Reasons

Foltz's reasoning in bringing in great artists and in performing little-known and difficult works is 2-fold.

"I want to show these kids that they are good enough to perform with the best. I want them to have the feeling of a real professional performance," he explains.

And secondly, the artists themselves, unprompted by Foltz, tell his students one of Foltz's pet theories, "You should obtain your professional training and broad general education in your own home state, and not venture to 'the sinkholes of culture'," as Rathbone put it.

## Rare Work

Foltz's 5th and last oratorio presentation will feature Robert Rounseville, outstanding young tenor, and Sarah Fleming, in Elgar's "The Dream of Gerontius," a rarely-performed work. Supporting the nationally-known singers in the May 11 performance will be 600 University of Nebraska students in a mass chorus.

"To me, this performance will be the culmination of the growth of music in Nebraska," Foltz stressed. "It is another chance to prove to these youngsters that they can do everything here that they can do anywhere else, and that they should stay here and do it."

Foltz also points to the "coming of age" of the music profession which has grown out of the public conception of misfit geniuses performing acts of creative talent by themselves and into a well-trained and career-minded member of society offering their talents in training and in performance.

## Future In Communities

"The future of music in this state culturally is not in Lincoln or in Omaha, but in Mullen and York and Scottsbluff, where the students of today will go and become missionaries and leaders of music education in their own communities," he said, and added that now about 90 per cent of NU music graduates are teaching or otherwise working in the state.

Musicians today have been "given a haircut," gained a professional status and respect, and a place in every community for which they must be trained.

Foltz's direction of this summer's All-State music course for musical hopefuls from Nebraska's high schools will be his 18th and his final one.

## More With Students

The man who has guest-conducted state choruses in 42 states will have much more time to spend with students at Wichita. And Foltz says he'll have time to continue his work on publications which he began while at Nebraska.

He adds that he will continue to fight the "inferiority complex" which Nebraskans and the midwest generally have about their talent and culture.

We have the talent here, he says, and also the opportunity to develop it and to use it.

# 'Errors' In Petitions CountCited

## . . . Before Council

Clarence O. Blanchard, spokesman for the unsuccessful referendum drive against the city vehicle tax, charged Monday that "errors" were made in determining the petitions to contain insufficient signatures.

Blanchard, appearing before the City Council, contended that:

1. Some signature withdrawals were counted that duplicated petition names struck for other reasons.
2. Withdrawals for 82 signatures were not notarized.

## Delay Cited

City officials delayed unnecessarily in ascertaining the number of valid signatures. The referendum petitions were declared insufficient recently when City Atty. Ralph Nelson reported they contained not over 1,345 qualified signatures of the required 1,372.

Blanchard, a watchmaker at 609 No. 27th, said he was primarily interested "in the citizen right of petition, which I think has been abused by the city."

"I'm for better city government rather than better city streets," he added.

**Conference Suggested**

Councilman Del Tyrrell suggested that Blanchard present his findings to the city attorney.

Blanchard agreed to confer with Nelson.

Questioned by newsmen concerning Blanchard's contentions, Nelson said his office did not count signature withdrawals that were duplicating.

# Advancement Move Draws An Objection

John McArthur, court-appointed attorney for 14-year-old Caril Fugate, Monday filed an objection in the State Supreme Court to Attorney General C. S. Beck's motion for advancement on determination of which court will hear Caril's murder case.

Deputy Attorney General Clarence A. H. Meyer last week had filed the motion for advancement asking the court to decide in its June session whether Caril's case will be heard in Lancaster District Court or in Juvenile Court.

In filing his objection Monday, McArthur said he must have full time (to June 10) in order to thoroughly brief the appeal to the state's high court.

# 3 Former Mayors Urge Street Levy

Three former Lincoln mayors in a letter to the City Council have expressed their favor for the city's proposed 11-year, \$16.5 million street improvement program.

They are former Mayors R. E. Campbell, Lloyd J. Marti and Clark Jeary.

## The letter said:

"The recent fuss over the vehicle use tax, arising from the referendum attempt and emotion generated in the heat of that argument, has tended to obscure the real gain which Lincoln has made in the adoption of a planned street construction and highway program.

"The plan is sound and you have rendered a real service to the future of our city in its development. From our own experience in the affairs of the city, we know the program to be vital if we are to keep pace with the increasing problems of an expanding community.

"Progress has never come without opposition. Your only satisfaction from public office can come from facing Lincoln's problems squarely and disposing of them according to your honest conviction."

# Park, Recreation Board Members Are Re-Named

Three members of the City Park and Recreation Board were reappointed Monday by the City Council.

They are Dr. Steven N. Watkins, superintendent of schools; Ralph Slocum, attorney, and George Holmes, banker.

The new terms expire April 27, 1961.

# Council To Fill Board Vacancies At Next Session

Mayor Bennett Martin said the vacancies on the City Planning Commission and City Library Board would probably be filled next Monday.

The Council has discussed possible candidates, but took no formal action Monday.

The commission vacancy occurred when Kenneth P. Lewis was appointed to the Council. The library board vacancy was created by the resignation of Charles W. White.

## Works Barred

Chicago (AP)—The art institute turned thumbs down on exhibiting the paintings of Winston Churchill on grounds his works are amateur.

"We have certain professional standards," said director Daniel Catton Rich. "We do not show the work of amateurs unless they have been passed by professional juries."

# Widening, Repaving Of Fremont Is Proposed

By Virgil Falloon

The widening and repaving of Fremont from 48th to 68th, estimated to cost \$141,000, was proposed to the City Council in a paving district ordinance introduced Monday.

City Engineer Carl Fischer said the proposed project would widen Fremont to 38 feet, but abutting property owners would be assessed only for the normal 28-foot street width.

Cost of 26-foot paving is estimated at \$97,000 or \$8.30 per front foot. The city would pay the \$44,000 cost of the additional width, which would have made the cost \$12.08 per front foot.

**Heavy Travel Ahead**

"Fremont is the eastern terminus of the proposed Northeast Radial and will ultimately become one of the most heavily traveled arterials in this part of Lincoln," Fischer informed the Council.

He said the proposed width would provide two 11-foot traffic lanes and two 8-foot parking strips.

Fremont between 68th and 70th is presently paved to a 38-foot width.

The paving ordinance is due for final reading on May 5.

## Waiver Okd

The Council approved a building permit waiver for Lloyd Jeffrey to stone veneer on the west wall of a building at 3601 Calvert.

The waiver was necessary because of structural alteration to a building now in non-conforming use.

The Council denied a special use permit sought for the construction of a medical clinic at 2314 So. 17th, across from Lincoln General Hospital.

The City Planning Commission had recommended denial of the application of Rick Castellano for the permit as creating additional traffic congestion on 17th.

**Other Council action:**

# Ike Defense Plan Launched In Senate With 2-Party Support

... Sec. McElroy Meets President

Washington (AP) — President Eisenhower's defense reorganization plan was launched in the Senate with a friendly shove from both sides of the aisle.

Four Republicans and 2 Democrats urged that serious consideration be given the President's proposals to streamline the Defense Department and place more power in the hands of the Secretary of Defense.

But strong forces in both branches of Congress are lining up against any attempt to curtail the separate authorities of the Army, Navy and Air Force.

Sen. Johnson (D-Tex), the Senate majority leader, said he expects Senate hearings on the legislation will be delayed while the House wrestles with the problem. He added that he hopes Congress will eventually act on some form of reorganization.

## \$500 Fine Set On Charge Of 'Contributing'

A 27-year-old Lincoln man was fined \$500 and sentenced to 10 days in jail on a "contributing to the delinquency of a minor" charge in Lancaster County Court.

Harry Everett Stevens Jr., who gave his address as 1710 Sewell, pleaded nolo contendere (no contest) to the charge before Judge Herbert A. Ronin and was found guilty. Stevens, a probationary assistant state bank examiner, was charged with a Dec. 14, 1957, incident involving a 13-year-old Lincoln boy.

He had previously been charged and pleaded innocent to "debauching a minor," a felony, but the County Attorney's office reduced the charge to a misdemeanor.

## Charge Rejected

United Nations, N. Y. (INS) —Japan rejected in the U.N. Security Council Soviet charges against American nuclear bombers but took the occasion to urge both nations to make a "most serious effort" to end the disarmament deadlock.

Japanese Ambassador Koto Matsudaira expressed "deep regret" that Russia had brought the issue to the council without any prior consultations with the U.S. through regular diplomatic channels.

## How Should We Pray?

● Prayer is far more than an SOS, says The Very Rev. James A. Pike. In May Reader's Digest he shows why "day-to-day life takes on an entirely new dimension as you are more and more conscious of living out your moments under God, for God and with God." Get May Reader's Digest at your newsstand, drugstore, variety store, or supermarket checkout counter today.

streamline the Defense Department and place more power in the hands of the Secretary of Defense.

But strong forces in both branches of Congress are lining up against any attempt to curtail the separate authorities of the Army, Navy and Air Force.

Sen. Johnson (D-Tex), the Senate majority leader, said he expects Senate hearings on the legislation will be delayed while the House wrestles with the problem. He added that he hopes Congress will eventually act on some form of reorganization.

**Public Support**

Secretary of Defense McElroy predicted after a White House conference the essential features of the administration's plan will have enough general public support to assure approval by Congress.

McElroy and the President discussed plans for McElroy's testimony before the House Armed Services Committee in support of the program.

McElroy was told by a newsman that a member of Congress had quoted Rep. Vinson (D-Ga), committee chairman, as saying he plans to make mince meat of McElroy.

"I'd make a fairly substantial amount of mince meat and I don't think it'd be very tasty," McElroy, 6 feet 4, replied with a hearty laugh.

Vinson has sharply criticized the reorganization plan.

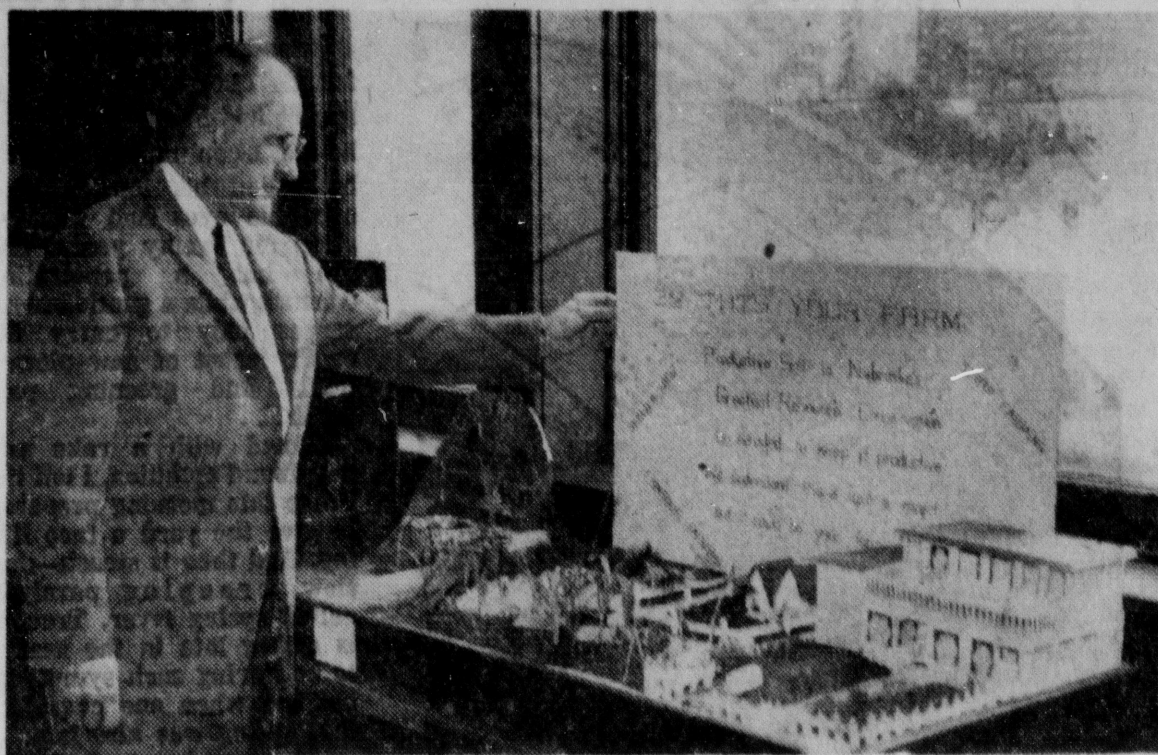

**Discussion**

Asked how he felt about the situation on the eve of congressional hearings, McElroy replied he doesn't look for all members of Congress to agree with him, but he said he does expect a rational discussion of the pros and cons.

"I am essentially an optimist," he added. "I believe the essential parts of the program are likely to have public support and that will give members of Congress backing to accept it."

The President's bill was introduced in the Senate by Sen. Saltonstall of Massachusetts, senior Republican on the Armed Services Committee, who said he was in sympathy with the objectives.

Sens. Cooper (R-Ky) and Thye (R-Minn) promptly joined him as cosponsors. Thye said he feels Eisenhower has demonstrated the kind of leadership the country needs in proposing the Pentagon changes.

## Science Fair Entry Examined

Lancaster County School Superintendent Glenn Turner examines the entry of Dist. 126 (West Lincoln) in the "Science Fair" being sponsored by his office for

elementary schools in the county. More than 225 exhibits are on display on the County Courthouse's third floor through May 3. (Star Photo)

## 225 Exhibits At County Schools' 1st Science Fair

The first annual "Science Fair" sponsored by County School Superintendent Glenn Turner and his staff opened Monday with more than 225 exhibits on display at the County Courthouse.

Forty-one county elementary schools submitted exhibits in the non-competitive fair. They depict everything from a model of the proposed atomic power plant near Hallam to examples of proper soil conservation. All of the exhibits were made by the students under supervision of their teachers.

Turner said he was "amazed" by the large number of entries received for the fair. The exhibits are on display on the Courthouse's third floor through May 3 from 8 a.m. to 5 p.m. Monday through Friday and until noon Saturdays.

Assistant superintendent Marlin Languis was in charge of arrangements for the fair.

Turner said the idea for the fair is "pre-Sputnik," although interest in the fair was probably increased by the recent call for more emphasis on science. He said the plans for the fair were laid last summer to stimulate teaching of and interest in science among teachers and students in the county.

## 13 Missing

Buenaventura, Colombia (AP) —A motor boat sank with 13 persons off Gorgona Island in the Pacific and all were believed lost. The boat was loaded with passengers taken off the ship Ciudad Quibdo, which had run aground.

## Tot's Breathing Halts —But Resumes Again

Mr. and Mrs. Wayne Leader of 4011 Madison received a scare Monday night when their 6-week-old daughter Shelley Rae stopped breathing momentarily, apparently from complications accompanying a cold.

A fire rescue unit was summoned, but the tot began normal breathing before use of a resuscitator was necessary.

# HST Sets Record Straight In 8-Year-Old News Interview

Washington (AP) — Former President Truman set the record straight on his 8-year-old interview with Arthur Krock of the New York Times.

He acknowledged that in the interview he had told Krock an unemployment figure of 3 to 5 million persons was supportable in the U.S. economy.

When the interview was recalled to him by Rep. Talle (R-Iowa) before the House Banking Committee last Monday Truman had asserted "that exclusive interview did not happen. That came out of the air."

Truman blamed his mistake on a memory lapse. He apologized to chairman

Spence (D-Ky) of the Banking Committee. Spence made public the following correspondence:

"I do not know when I have ever had a grander time or been more courteously treated than before your committee.

In Record

"Unfortunately, I made one mistake, and I am sending you a copy of the letter I have just written to Arthur Krock. I want you to put it in the record and tell that Republican congressman that because of a memory slip at the time, I thought he was trying only to embarrass me. I regret that it happened..."

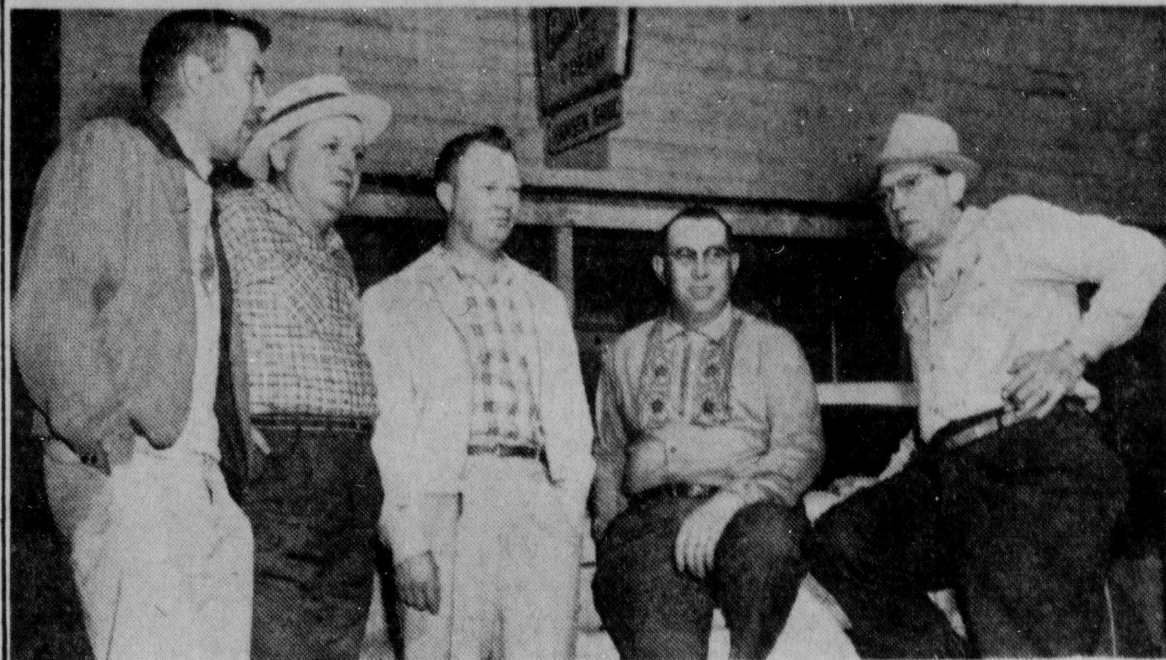

Letter from Truman to Krock, dated April 16:

"Dear Arthur:

"The situation which developed at the time of my appearance before the Banking and Currency Committee of the House was an unfortunate one. I was taken by surprise and thought an effort was being made to embarrass me at your expense.

"I talked to Dean Acheson (former Secretary of State) in Kansas City yesterday, and he remembers that the individual sentences quoted from the interview... were correctly reported...

"As you know, I never go back on a concrete statement I make to any man, but please remember that that was some time ago, and my

Board member Ralph Judkins is not pictured. (Star Photo.)

memory, like that of most people sometimes fails to work quickly.

"Dead Horses"

"I regret it very much, but I still cannot see why it was necessary to dig up dead horses... merely to justify the fact that nothing has been done to correct our present problems..."

Letter from Krock to Truman, dated April 17:

"Dear Mr. President,

"Thank you for your letter of April 16, and for your generous act in sending a copy to chairman Spence..."

"I agree with you emphatically that the Republicans were using me to make a whipping boy of you. And I agree with equal emphasis that the entire paragraph in the 1950 interview... should have been quoted. It justified no attack on the ground of inconsistency or any other, and your statement that a certain amount of unemployment was 'supportable' in our economy is wholly different from, and indeed exclusive of, any implication that this is 'desirable'."

# Cock Fight Case Fines \$270

... Denton Man Pleads Guilty In Sunday Incident

By Del Harding  
Carl Parker of Denton was fined a total of \$270 in Lancaster County Court Monday on charges growing out of an all-day cock fight he sponsored on a farm near Denton Sunday.

Parker pleaded guilty before Judge Herbert A. Ronin to charges of holding a cock fight and also to using a build-

ing for gambling purposes. He was fined \$20 on the cock fighting charge — the maximum allowed — and \$250 on the gambling charge, which carried a maximum penalty of a \$500 fine and 10 to 30 days in jail.

Co. Sheriff Merle Karnopp reported the cock fight was held at the farm of J. W. Maughan about 2½ miles northeast of Denton. It started

about 10 a.m. and lasted until about 8 p.m., he said.

**Illegal In Most States**  
Cock fighting is illegal in Nebraska and most other states. The fighting roosters are trained from infancy to peck and slash using razor-sharp metal spikes fastened to their legs. The fight usually lasts until one rooster is killed.

Spectators and owners of fighting roosters from Nebraska and 4 other states — Kansas, Missouri, Iowa and Minnesota — lined the bleachers inside a barn on the farm to watch and bet on the fights, the sheriff reported. Karnopp said it was the first cock fight in this area he has heard of in his 17 years in law enforcement work.

## New Junior Highs To Cut Enrollment At Northeast

The addition of 2 new junior highs in Northeast Lincoln will cut enrollment at Northeast High from 1,700 to 1,300, Dr. Steven Watkins, Lincoln superintendent of schools, said Monday.

Speaking before more than 125 members at a Northeast High parents meeting, Wat-

kins said, however, that without the addition of more schools enrollment would swell to more than 2,000 students by 1965.

The new junior highs under construction, Charles Dawes and Charles Culler, are expected to be completed for the next school year.

## Princess Listens

Port Of Spain, Trinidad (P)—Princess Margaret listened to calypso music at a private informal party at the house of Gov. Gen. Lord Hailes.

There was a special calypso "Ode to Princess Margaret" for singing at the party. Music for the evening was supplied by a local band.

## Ban Broadens

United Nations, N.Y. (P)—Thirty-three nations have now acceded to an international agreement to ban production, possession and exchange of obscene printed matter. Ceylon is the latest. The agreement took effect under U.N. auspices Feb. 2, 1950.

## Announce Way To Help Drain All 8 Sinus Cavities Without Discomfort

New decongestant tablet for sinus congestion sufferers acts both to drain clogged sinus cavities and relieve distressing head pain

New York, N.Y. (Special) Announcement has been made of a new tablet development which has the remarkable ability to help drain clogged sinus cavities and thus relieve congestion and pressure. The headaches, pressure pains, stuffed-up head, nasal drip, clogged breathing—all the unrelenting symptoms the sinus sufferer knows so well—are attacked directly by improving drainage of the sinus areas.

Most remarkable of all is the fact that this is accomplished with extraordinary speed and without discomfort of any kind. This new tablet does its remarkable work internally, through the blood stream. It deposits into every drop of blood plasma a new medication which is carried to the sinus area, where it

shrinks the swollen doors to the sinus cavities and helps drain away the pain-causing pressure and congestion.

The shrinking substance in this new tablet has been so successful typically in promoting drainage of the sinus cavities that it is now prescribed more widely by doctors than any material for this purpose. This new medication is now available at drug counters without the need for a prescription under the name, Dristan® Tablets. Dristan Tablets cost only 98¢ for a bottle of 24 tablets. Buy and use Dristan Tablets with the absolute guarantee that they will drain away pain-causing pressure and congestion of the sinus cavities, relieve the pain and distress, or purchase price will be refunded.

## Partially Air Conditioning Library Gets Consideration

A City Library Board proposal to partially air-condition the main library with unused budget funds was taken under consideration Monday by the City Council.

Councilmen Del Tyrrell and Hugh Thorne are to study the proposed plans further with library officials before any definite action is taken.

Mrs. David Dow, library board chairman, said the project, estimated to cost \$5,400, would be financed from unused salary funds and other savings in the present budget.

said the window units would be used in the children's and cataloguing departments.

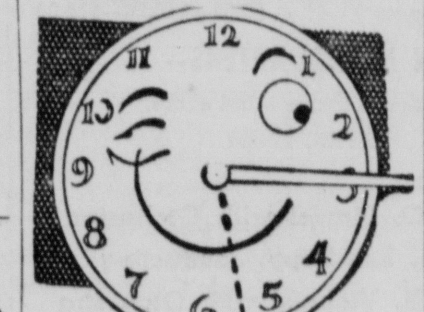

She said the inability of the library to fill 2 professional positions resulted in "salary savings." Also, she indicated, the additional money could be obtained by "not doing some other things at this time."

Several Council member indicated that the air conditioning, if done, should be done satisfactorily.

"It will be money down the drain," said one member, "if not enough money is spent to do the job right."

**5 Units**  
It is proposed that 2 7½-ton ceiling units and 3 window units be installed. Mrs. Dow

**Noise Cited**  
Also cited was a possible objectionable noise level if the air conditioning wasn't engineered satisfactorily.

Two years ago, the Council cut from the library budget a \$25,000 item for air conditioning in the main library.

Mrs. Dow, appearing with Librarian Charles Dalrymple, said the proposal was submitted for the Council's reaction, but that the board felt the air conditioning was needed.

### Anderson Assumes Tilden Hospital Duties

Tilden, Neb.—Richard Anderson of Lincoln has assumed his duties as administrator of the Tilden Community Hospital, succeeding Mrs. Marian Vuytsek.

Anderson has been attending the University of Nebraska since his discharge from the Navy. During his 3 years in service he spent most of the time in hospital work.

## Provoo Pleads Not Guilty To Reckless Driving

Ex-Army Sergeant John David Provoo, once convicted of treason, pleaded innocent Monday in Municipal Court to a reckless driving charge.

Provoo, 40, who listed his address as 2306 So. 14th, pleaded innocent and his trial was set for Apr. 30. A \$100 bond was required.

Police said they chased the car he was driving Sunday night at speeds up to 60 mph from 9th and O to near 3rd and O where he was stopped.

Provoo was convicted of treason for alleged collaboration with the Japanese during World War II, but a federal court later reversed the conviction.

## 11 Injured As Twister Dips Into Texas

Midlothian, Tex. (P)—A tornado ripped up the countryside after dropping down out of a black cloud over this north central Texas town during a violent rain and hail storm Monday. At least 11 persons suffered injuries from collapsing buildings and flying debris.

The twister smashed at least 17 homes. Two of the injured were retained in a hospital.

Torrential rain and hail the size of baseballs battered this town of 1,200 just before the tornado struck. Midlothian is about 24 miles southwest of Dallas where a tornado killed 10 and injured scores in April, 1957.

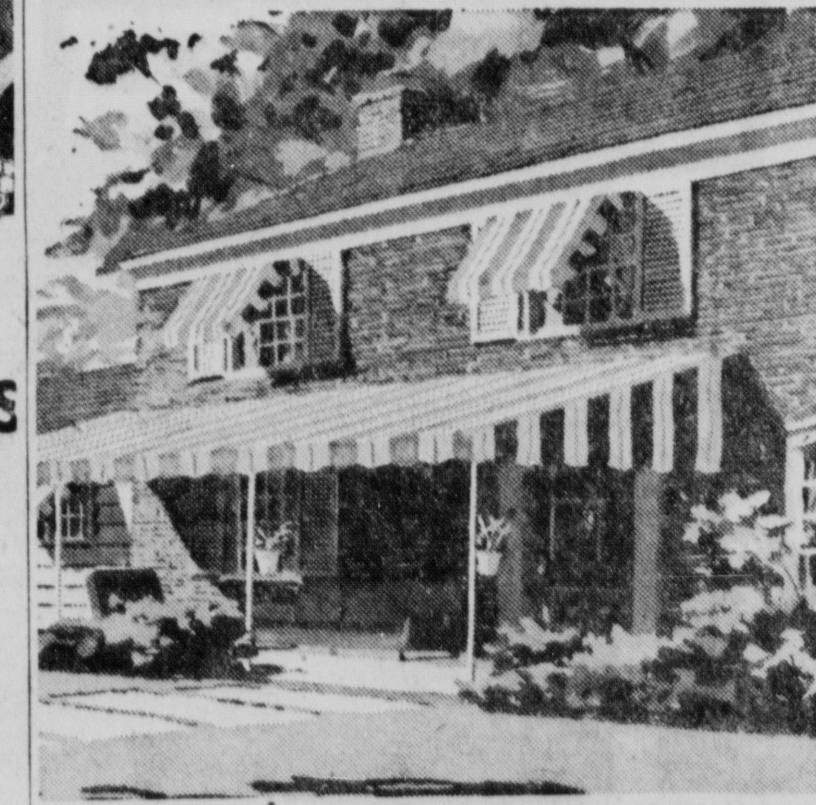

Townpeople stood outside to watch as the funnel formed. The Weather Bureau had warned of expected violent weather with possible tornado or 2 in the north Texas area.

The funnel meandered south through the nearby farming communities of Mountainpeak and Grandview. It ripped up power lines, flattened more buildings.

## Stanton Delaplane's POSTCARD

This is the season of love and marriage. Have not been asked to be a best man or even a bridesmaid. But will report I am trained and ready. Let me quote:

"Gay blades and old codgers, impelled to kiss the bride merely, because they think custom sanctions it, should check their exuberance..."

Are you having a wedding? How are you fixed for blades?

check my exuberance. (There is a little anteroom where you check your hat and your exuberance. A quarter tip is sufficient.)

If the groom wishes you to kiss the bride, says Miss Amy, he should make the following remark:

"Darling, this is Alfred, my old roommate—remember—and he's dying to kiss you, of course. So I'll permit it—this once."

Well, here is a pretty picture indeed. Very social. It may be very social to give old roomie a peck at the bride. But not so smart. We must mix caution with our social tactics.

Most brides do not like old roomies. That is the honest fact of the matter.

For your old roomie, she would like nothing better than to slip him a mickey. Once married, fare-thee-well, old roomie. The first thing a bride is apt to do is pick you out a whole new set of ties and a friends.

Old roomie is not among them. R.I.P.

On the other hand, brides do NOT mind being kissed by gay blades and old codgers at all.

A bride expects to be kissed.

She would be mighty put out if a few of us gay blades and old codgers did not step up—politely, of course—and give her a little gay, old smooch.

You cannot keep your exuberance in check ALL the time.

A bride being in such a highly nervous state, I think it is even better us gay blades and old codgers wear her down a little. Before old roomie gets in his pecks.

Old roomie is a contemporary of the groom. Maybe even a pretty handsome contemporary. This is mighty confusing to a nerved-up bride. And it is better for us gay and mature types to ease her over this nervous period.

Now if old roomie is the best man, he is too busy to kiss the bride. Or should be. (I study how to be a best man also. In case they call me off the bench.)

The best man, says Miss Amy, must have the groom fitted for his wedding clothes. He rounds up the ushers and rents ties and gloves for the ushers.

He puts the license in the groom's foxy pocket. And he packs the ring.

Now the reason he is so busy is as complicated as the Split-T. Miss Amy gives it in diagram. The best man must usher the head bridesmaid. But must also be waiting OUTSIDE the front of the church. After the wedding.

This means he only fakes with the bridesmaid. Meantime he has found the back entrance to the church. He fakes the handoff. He goes out the back door like a flash. Shinnies over the wall. Out to the front of the church!

It is a kind of double reverse and end-around play. And I have been practicing (just in case) around the house. The dog plays the bridesmaid and we go out the window and over the garbage can. Whoops!

Because you never can tell in this season when the social call may come.

McNaught Syndicate, Inc.

### WEATHER AHEAD

Temperatures during the next 5 days will average 2 to 5 degrees below normal over eastern Nebraska to near normal in the extreme west with only minor daily changes until turning to cooler toward the end of the week. Normal afternoon highs range from the low to upper 60s; normal morning lows from the middle 30s to middle 40s. Precipitation is expected to average .25 to .50 inch, occurring as showers and thunderstorms early in the period, about mid-week, and again toward the end of the period.

# Manned Space Hop Around Earth In 2-3 Years Predicted

Washington (AP)—The United States might be able in 2 or 3 years to send a man around the world in a space ship, Dr. John Hagen told Congress.

But Hagen, director of the Vanguard project, told the House Space Committee he does not think the objective should be to get a volunteer into space as soon as possible.

"We shouldn't use a man as a guinea pig," he said. "The aeromedical people have plans for instruments to be sent up that would tell them much of what could be learned by sending a man into space."

"Once we have this information without hazarding a life, then we should send a man to serve some useful purpose."

Hagen said he was not differing fundamentally with his Army opposite, Dr. Werner Von Braun, who told the same committee last week that with a year a man could be projected about 150 miles into space and be brought back safely. However, he added he thinks Von Braun's estimate might be a bit optimistic.

Hagen explained Von Braun was speaking of firing a recoverable rocket which would descend after only a short time, while he was speaking of a vehicle that would circle the earth at least once.

Too many satellites clipping through space would greatly handicap devices being developed to warn of intercontinental ballistic missile (ICBM) attacks, Hagen also told the committee. He said satellites in orbit can be expected to multiply and devices being developed to warn of ICBM attacks would be unable to tell whether objects they register are satellites, meteors or missiles.

Hagen said it is about time for an international conference to set rules on what kinds of satellites may be put into the sky and decide what radio transmitting equipment they might carry.

He said he is convinced Russia has a master plan for further space research and the United States must consider what it might do to keep abreast.

Plans are well along, he said, for an improved Vanguard satellite to put a 40-pound scientific package in orbit. That would be about double the weight of the originally fully instrumented Vanguard satellite.

Rep. Brooks (D-La.) said he was disturbed to learn the Vanguard organization will go out of existence at the end of this year unless action is taken to extend it.

When Hagen reported he had recommended continuing Vanguard's work for an improved satellite and vehicle ultimately capable of a ton payload, Brooks said he thought the proposal should be approved.

## Buying Speedup Okayed In Senate

Washington (AP)—The Senate passed and sent to President Eisenhower Monday a bill authorizing a speedup in government purchase of 250 million dollars worth of supplies.

The measure, requested by Eisenhower as an anti-recession move, would make funds available immediately that otherwise would have been spent in the fiscal year beginning July 1. The bill applies to non-defense supplies and equipment.

He's Training for the Future. Your carrier boy is forming habits now that will be important in later life. Your suggestions on ways he can improve will be appreciated. Notify Circulation Dept.

## Back To Earth

Peterborough, Ont. (AP)—With 2½ million air miles behind him, Capt. Ken D. Dew has retired at 60 as a pilot for Canadian Pacific Airlines. He said "it was all pretty routine."

# Nasser Could Cause WWII, Grain Men Told

"If Nasser succeeds in uniting all the Arabic countries World War III will develop," Dr. William McGovern, professor of political science at Northwestern University, said Monday.

Speaking before members of the Nebraska Grain and Feed Dealers Assn., holding their 39th annual convention in Lincoln, Dr. McGovern said Nasser's plan is the same as Adolf Hitler's plan of uniting Europe in 1939.

"If we are to prevent WW III we have to stop Nasser in his plan," McGovern said.

Dr. McGovern told the members victory of defeat in the event of WW III would depend on who controlled the

Magowan

Bridge

Havekost

Elm

oil rich lands of the Far and Near Eastern countries.

"If the Russians can prevent the oil flow from these countries they could win the war without firing a shot," he said.

**Shortage For Allies**  
In the event of WW III the

United States could supply itself with oil but would not be able to supply its allies, Dr. McGovern asserted.

"That's the reason these countries are so important," he added.

Other speakers at the convention included Sam D. Fine,

chief, Kansas City District of the Food and Drug Administration and Raymond Pollack, director, Grain Division, CSS-USA, Washington, D. C.

The dealers elected Ross Magowan of Gordon, president, for 1958-1959. Other officers elected are: Robert Bridge, Norfolk, vice president; Edgar Havekost, Scribner, past president; and Howard W. Elm, Lincoln, executive secretary.

Others elected were:

**Director For 1 Year Terms**  
Earl May, Hooper.  
E. F. Ham, Benkelman.  
Don J. Buck, Norfolk.  
Larry A. Weeke, Superior.

George Stiles, Union.  
Sam McMaster, South Sioux City.  
Richard Ely, Guide Rock.  
**1 Year Term**  
Clarence Jacobsen, Lexington.  
Ray Cogil, Osallala.  
Richard Dunlap, Bridgeport.  
William C. Pflug, York.

## Bloomfield Group Told Road On List

A road delegation from Bloomfield was told Monday that its request for the grading and graveling of a 12-mile stretch of Highway 84 from Bloomfield to Center is scheduled in the Highway Department's present 2-year road program.

Gov. Victor Anderson and State Engineer L. N. Ress told the 9-member delegation,

headed by Bloomfield Mayor Otto Hansen, that the 4-year program calls for oiling about half of the stretch on the Bloomfield end.

Ress also said the Department of Roads would conduct a survey on widening a bridge on Highway 84 in the town of Bloomfield.

The delegation received little encouragement on its in-

quiry about the chances for the state's building service roads in the Gavins Point Lake recreation area.

Ress explained that the Department cannot spend funds on any roads that are not on the state system, and that any new roads added, such as these to the recreation area, would have to go at the bottom of the state's priority list.

## TB Detection Emphasis Changed To Adults

Changes contemplated in the State Health Department's chest x-ray mobile unit will see more concentration on testing Nebraska's adult population and increased use of the more simple tuberculin tests on high school and college students.

The State Health Board Monday expressed approval of the proposed changes which will include a new mobile unit utilizing a truck-trailer operation, rather than the present unit which is all in one unit.

State Health Director Dr. E. A. Rogers said the Department now has a mobile unit and a transportable unit. Dr. Rogers said the transportable unit would be held in reserve.

The health director told the Board that surveys show less than 1-10th of 1% of high school and college students have tuberculin incidence, and he recommended restricting x-ray tests to follow up after the less expensive tuberculin tests.

He said the mobile unit

would concentrate its activities in those counties shown to have a higher incidence of tuberculosis.

To stimulate more interest publicly in services of the State Health Department, the board authorized the offer of a position as assistant director of public health education to Mrs. Myrtle Day, Dixon County superintendent, at \$4,680 a year.

Mrs. Fred Putney had suggested a "long-range educational program" to inform the public, and Board Chairman Dr. J. E. M. Thomson said it was a matter about which he has "felt very keenly since serving on the Board."

The Board was informed that Children's Memorial Hospital at Omaha has agreed to become the state's central clearing house on poison control information disseminated by the federal government.

Dr. Mark T. Muffley, director of the Department's dental health division, reported he plans to check the dental health of about 10% of the 6,500 to 7,000 patients in these

nursing homes and for the aged.

He also reported he is concentrating dental surveys in the 12 Nebraska counties which are without dentists.

## U.S. Carrier Jet Missing In Japan

Toyko (INS)—A U. S. Navy Turbojet plane from the carrier Shangri-La disappeared only minutes before it was to have made a landing in bad weather at the Iwakuni Naval Air Base in southern Japan.

The single-seater F9F-8 "Cougar" took off from the Atsugi naval air facility near Toyko about 5 minutes after noon and arrived over the Iwakuni area at 1 p.m.

The pilot was in radio contact with the Iwakuni control tower and received clearance to land at 1:05 p.m. That was the last contact with the plane.

Identity of the missing pilot was withheld.

**LUCERNE**

**LUCERNE**  
HOMOGENIZED  
VITAMIN D  
MILK

A SAFEWAY GUARANTEED PRODUCT

Safeway proudly presents

# LUCERNE

the new milk with Bonus Quality

This new milk is the result of a new kind of dairy operation—dairy experts-in-the-field to help local farmers produce finer milk... special *bonus payments* to farmers when their milk meets the standards set for Lucerne... rigid tests for milk (including *taste tests* every day!)... scientific, completely automatic processing and packaging in Safeway's sparkling new Lucerne Milk plant

... all designed to produce a milk that is *extra rich, extra pure, extra good tasting*

Lucerne Milk is well above legal standards in all these qualities. This fact—added to the *bonus pay-*

ments to farmers—explains why Lucerne is called *Bonus Quality*. And you can depend on that *Bonus Quality* day in and day out, quart after quart.

### High Quality—but Low Cost

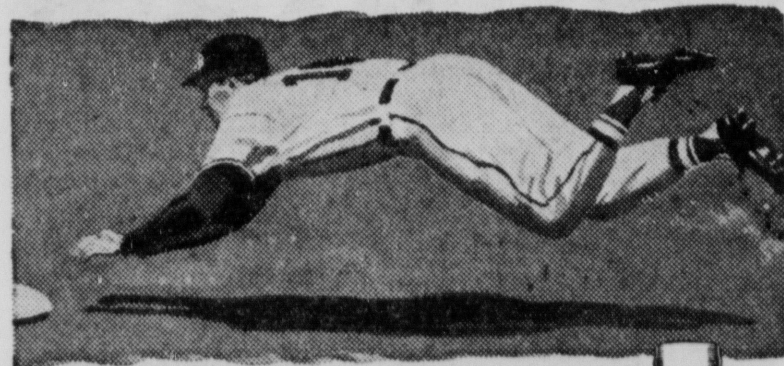

While Lucerne, with its *Bonus Quality*, costs more to produce, a lot of money is saved by *not* making expensive home-deliveries. So for the same price as ordinary milks (less than home-delivered), you can now get milk with *Bonus Quality*. Do that! Get Lucerne as you are doing your regular shopping—at Safeway.

## Come to Safeway

—for LUCERNE MILK with Bonus Quality, and for the whole big family of dairy products that bear the proud LUCERNE name

Which is better?

Quite a few players make a headlong dive for the bag on a close play... others prefer to get there the usual way. Which is better? It's a matter of choice. But in choosing a fine bourbon whiskey, the decision is obvious.

## Will Head Lincoln AAUW

Miss Ethel M. Johnson, dean of women at Nebraska Wesleyan University, was hostess at her home Monday evening to the new and outgoing officers of the Lincoln Branch, American Association of University Women.

Newly-elected officers of the branch, who were announced Monday evening, are Miss Ethel M. Johnson, president; Mrs. George C. Ernst, second vice president; Miss Mary E. Guthrie, recording secretary; and Mrs. Arthur G. George, director.

Those continuing in office are Miss Marjorie W. Johnson, first vice president; Mrs. T. M. Stout, corresponding secretary; Miss Frances Buel, treasurer; Mrs. J. Reid Green, historian; and Miss Lucile Ledwith, director.

Pictured (seated, from left) Miss Guthrie, Miss Johnson, (standing, from left) Mrs. Green, Mrs. Ernst, and Mrs. George.

Attending the state convention at Hastings will be Mrs. George, Miss Johnson, Mrs. Stuart Goldberg, Mrs. Clifford Hicks, state legislative chairman, and Miss Lucile Ledwith, state secretary.

# The Star In Suburbia

Our Eastridge calendar reveals a variety of spring events to be previewed this morning and among them are birthday parties, out-of-town guests, vacationers, a farewell courtesy and a new addition to the bassinet set.

## EASTRIDGE

We understand that Mr. and Mrs. Morris Seigel were host and hostess at a dinner party on Saturday evening in farewell courtesy to Capt. and Mrs. Andrew Hare and Cmdr. and Mrs. Donald Edge. Included among the guests besides the honorees were Dr. and Mrs. Bernard Wendt, Mr. and Mrs. Max Schneider and Mr. and Mrs. D. D. Waincott.

Capt. and Mrs. Hare and the Edge twosome and their families will leave Lincoln sometime in June.

Mrs. Calvin G. Cragun was

surprised, indeed, when she arrived at the Jean Nutty home last Friday evening to be greeted by 40 ladies who were on hand for a surprise pink and blue shower in her honor. Mrs. Nutty and Mrs. Tom Morgan were co-hostesses for the affair and the guests included wives of the Air Craft Commanders of the 307th Air Refueling Squad.

Turning now to news of guests we hear that Mr. and Mrs. Dean C. Burns and their four children, Bobby, Steven, Vicki and Cindi had as visitors last week Mrs. Burns' brother-in-law and sister, Mr. and Mrs. M. G. Banmatre and their two youngsters, David and Mary of El Cerrito, Calif. The vacationers also spent some time with Mrs. Banmatre's parents, Mr. and Mrs. H. F. McDougall and their daughter, Barbara.

Also on the guest list in Eastridge were Mr. and Mrs. Chris Kurup of Minneapolis who, with their daughter, Mrs. William Marthaller of St. Paul, Minn., and her two daughters, Judy and Barbara, were Friday to Sunday guests at the home of Mr. and Mrs. Stanley Hagen.

And guests at the home of Mr. and Mrs. Hagen next week end will be Mr. and Mrs. H. L. Christiansen of Minneapolis. Mr. and Mrs. Christiansen are stopping off in Lincoln en route home from a six-months holiday which they spent in California, Mexico, Arizona and New Mexico.

Then heard that Mr. and Mrs. Virgil Domino and their son and daughter, Dale and Patricia, motored to Iowa last week end. The foursome visited Mr. Domino's parents, Mr. and Mrs. F. M.

Domino in Storm Lake and were Sunday guests of Mr. Domino's brother and sister-in-law, Mr. and Mrs. Ronald L. Domino and their children, Lee Ann, Janet and Julie Lynn in Estherville.

We extend a hearty welcome this morning to a new member to the bassinet club in Eastridge. The young lad is Dirk Bryan Lambert, son of Mr. and Mrs. Frank Lambert, who was born on Tuesday, April 15, in Lincoln General Hospital.

Dirk has a sister, Nanette, and his grandparents are Mr. and Mrs. Bryan E. Ware of Grand Island and Mr. and Mrs. F. C. Lambert.

When Mrs. Karl Loerch entertained last week the event was a circus theme birthday party to compliment her daughters, Karla, who was six on Friday, April 11, and Leah, who celebrated her fourth anniversary on Monday, April 14. The festival of fun was on Tuesday afternoon and included among the guests were Sharon, Nancy and Pam Cook, Gary Neal, Jan Wheeler, LuAnn Loerch, Gary Hagerman, Chuck Vogt, Ann Phillips, Debbie Cratsenberg, David Sischbach, Nancy Loerch, Janie Reynolds, Linda Gardner and Beverly and Douglas Boilesen.

# TOWN TALK

—all sorts of interesting things have been happening—just had a visit with the American Dairy Princess, Sandra Sue Stout—a very charming young woman who DOES like milk. Miss Stout is having a busy stay in Lincoln, TV appearances, a style show and the dozen and one things that have to do with the activity of America's dairy princess past, present and future.

—and in the mail came news of the International Debutante Ball—in Europe. The program, which includes balls and a variety of parties in Vienna, Brussels, London and Paris when American debutantes will bow to European society. This arrangement, it seems, is a return engagement—or should we say a glamorous response to America's presentation of European debutantes to high society in the States.

American debutantes will board plane on June 12, and highlights of their tour will be numerous private parties which have been arranged by European post debs who have previously been presented at the International Debutante Ball in New York.

In London the Viscount and Viscountess Kilmuir, Lord Chancellor of England, whose daughter the Hon. Miranda Maxwell Fyfe was presented in '56, will hold a cocktail reception at the Lord Chancellor's residence in the House of Lords.

In Paris the Duke and Duchess de Montesquiou-Ferzenc, whose daughter Veronique was presented in New York in '56, will entertain their American friends at a gala reception at Maison Montesquiou while the Viscountess de Boisrouvray whose daughter Mme. Albina was France's '57 International deb will hold a garden party which will be attended by over a thousand members of French high society.

—but the fact Lincoln has no debutantes, international or otherwise, does not bar it from parties given for one reason or another—

Last Saturday evening when Mr. and Mrs. E. M. Hunt entertained informally at their home the affair was an hors d'oeuvres party in farewell courtesy to Mr. and Mrs. Dale Tinstman who, with their family soon will be moving to Omaha. Thirty guests were invited.

## Aksarben Crew In Action

During the morning workshop session of the Toastmistress Council V meeting, held at the Hotel Cornhusker on Sunday, 11 members of the Aksarben Toastmistress Club presented a skit entitled, "Mission Accomplished".

The theme of the presentation showed the close com-

parison which could be made between the officers of a Toastmistress group and the flight crew of an Air Force plane. As the member of the Aksarben group are all wives of Air Force personnel their skit was a doubly appropriate one.

Shown, attired in their SAC flight garb are (seated, from

left to right); Mrs. D. M. Grimwood, Mrs. W. E. Stark, Mrs. B. E. Mills, Mrs. Lloyd Heinze and Mrs. J. L. Eiland; and (standing) Mrs. Donald Hesse, Mrs. Robert Dittmar, Mrs. Jerome Hart, Mrs. R. D. Smith, Mrs. J. A. Wilkins and Mrs. T. A. Crorey.

Dear Abby . . .

## A Poor Thermostat!

Abigail Van Buren

DEAR ABBY: I work in a small office and like my job except for one thing. It is generally very cold in the office and I keep asking my boss to turn up the heat. He won't believe I'm cold until he feels my ankles. If they are cold, he turns up the heat. What can I do

about it? COLD COOKIE  
DEAR COOKIE: If you continue to let your boss check your ankles your ankles could be up to your neck in trouble. Either get a job where the office is warmer or the boss is cooler.

DEAR ABBY: My mother left me a diamond ring years ago so I got the bright idea of having it put into a modern mounting and wearing it on my engagement finger. I told the people where I work that I am engaged to a man from out of town. I don't know what got into me. It has been four months now and the girls want to give me a party. I have no fiancé but am ashamed to admit it. How can I get out of this predicament without making a fool

of myself? I am 36 and old enough to know better.

GUILTY CONSCIENCE  
DEAR GUILTY: If you want to become legitimately engaged (and what girl doesn't?) take the ring off your finger, and tell your friends—"it's off!"

DEAR ABBY: When someone wrote and asked you if all the young couples necked in cars, you replied, "No, the woods are full of them." I want to ask, what would respectable adults be doing out in the woods to have observed these young couples? Sincerely,

CADET J.E.T.  
DEAR CADET: Enjoying the wild life, I imagine.

CONFIDENTIAL TO PHIL: Why use a cannon to bring down a pigeon? Save the heavy artillery for later.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

## Election

Mrs. M. A. Swails of Omaha entertained members of the Delta Gamma Mothers Club last Friday when the Omaha group was hostess to the Lincoln members at luncheon.

New officers elected were Mrs. L. R. Lichtenberg, president; Mrs. William Hall, first vice president; Mrs. L. H. Shearer of Omaha, second vice president; Mrs. J. J. Gourlay, secretary; and Mrs. George Turner, treasurer.

## Secretaries' New Officers

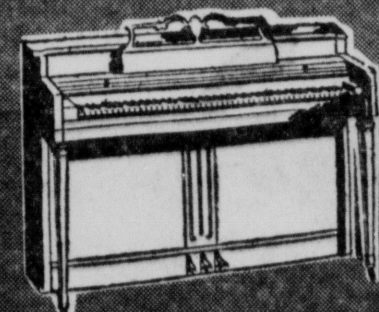

At a recent meeting of the Cornhusker Chapter of the National Secretaries Association, the members elected Mrs. Kathleen Evans president for the coming year.

Officers of the organization include (seated, from the left) Miss Beth Christensen, vice president; Mrs. Evans, president; and Miss Betty Howe, treasurer; and (standing) Mrs. Ruth Murphy and Miss Dorothy Beever, directors; Miss Marge Buller, Miss Grace Masek, recording secretary; and Miss Mary

ing secretary.

# Dental Auxiliary To Meet In Omaha

The annual convention of the Nebraska State Dental Auxiliary will be held in Omaha at the Fontenelle Hotel next Monday, Tuesday and Wednesday, in conjunction with the annual meeting of the state Dental Society. Following registration on Monday morning, the auxiliary members will attend a Continental Breakfast between the hours of 9 o'clock and 11 o'clock, and on Monday evening, the ladies will be guests at a dinner to be held at the Omaha Athletic Club.

Following a luncheon at 12:30 o'clock Tuesday, to be held in the Ballroom of the Blackstone Hotel, a fashion show will highlight the program, which will be concluded with the auxiliary's annual business meeting and election of officers, at which Mrs. F. A. Breeze of Omaha, state president, will preside. President-elect of the auxiliary is Mrs. H. A. Capek of Lincoln, and other officer candidates are Mrs. P. F. Dodson, Beatrice, new president-elect; Mrs. E. J. Horner, Milford, recording secretary; Mrs. Cecil G. Mueller, Omaha, treasurer; and Mrs. A. F. Morinelli, Omaha, historian.

The auxiliary members will join their husbands at a dinner and program Tuesday evening

# Attend CD Meeting

Delegates from Nebraska who will be attending the Federal Civil Defense Administration's region 6 women's conference, to be held at Denver on April 28 and 29, met in Lincoln Monday to discuss plans for participation in the two-day meeting.

Seated are Mrs. Maxcie E. Negley of Omaha, (left) director of nursing service for the Omaha-Douglas County Civil Defense; and Mrs. Gladys Yost of Milford, deputy state director of civil defense. Standing (from the left) are Mrs. Molly Rausten, representative of the Seventh-Day Adventist Church on the state Civil Defense committee; Mrs. Melba Scott, secretary of the state Survival Project committee; and Mrs. Barbara Fox, state Civil Defense public information officer, all of Lincoln. Also attending the meeting will be Mrs. Jean Hargrove of Omaha.

# Newcomers

At the recent meeting of the University of Nebraska Faculty Women's Newcomers Club, Mrs. Clayton Gerken was elected president of the group.

Other new officers of the club are Mrs. John Cronland, vice president; Mrs. Ellsworth Benson, secretary; and Mrs. Gerald Weekman, treasurer.

The new officers will be installed at the May meeting of the club.

# Brides At Morning Weddings

MRS. RAYMOND SCHOENROCK

MRS. STANLEY BRUCE LARCHICK

At a 10 o'clock morning ceremony solemnized on Saturday, April 19, Miss Beverly Walenta, daughter of Mr. and Mrs. H. A. Walenta, became the bride of Raymond Schoenrock, son of Mr. and Mrs. Emil Schoenrock of Martinsburg. The lines of the service were read by Msgr. M. M. Kaczmarek at St. Teresa Church in the presence of 150 guests.

The matron of honor and bride's only attendant was Mrs. Hal Rowe who was

frocked in pastel blue cotton sheer over taffeta trimmed with lace and fashioned in the daytime length. She wore a matching half-hat and carried a rounded bouquet of white and blue-tinted carnations.

Leo Tyrrell of Pender served Mr. Schoenrock as best man, and seating the guests were George Zelenka of Omaha, Michael Briener, Bradshaw, and Bob Walenta, brother of the bride.

The bride appeared in a gown of white chantilly lace and tulle smoothed over taffeta. A flaring, Queen Anne collar and long, fitted sleeves accented the lace bodice, and the wide, waltz-length skirt was formed by deep tiers of shirred tulle. A tiara of seed pearls held her veil of illusion, and she carried an arrangement of white roses and stephanotis.

Mr. and Mrs. Schoenrock will make their home in Sioux City, Ia., following a short wedding trip to the Black Hills. The bridegroom is a graduate of the University of Nebraska, of which Mrs. Schoenrock is a former student.

The chancel of Sacred Heart Church was appointed with bouquets of white snapdragons and gladioli on Saturday morning, April 19, for the wedding of Miss Janet Louise Mutchie, daughter of Mr. and Mrs. John A. Mutchie, and Stanley Bruce Larchick, son of Mr. and Mrs. Stanley T. Larchick. The 10 o'clock ceremony was solemnized by the Rev. John Ketter, and Miss Catherine Gardner, organist, played the wedding music. Miss Catherine Steinauer was the vocal soloist.

Wearing alike frocks of blue and white floral sheer, the belled skirts snugly shaped with blue taffeta, were Mrs. Marvin Ostwald, who was her sister's matron of honor; Miss Juanita Aguirre, Miss Charlotte Jonas, Miss Marilyn Zweig and Miss Janice Berger, the bridesmaids; and the junior bridesmaid, Miss Kandy Larchick, sister of the bridegroom. Miss Kay Saalfeld of Richland was the flower girl, and the ringbearer was Kenneth Williams.

Michael Larchick served his brother as best man, and the ushers were Bill Bliss, Larry Emery, Richard Lar-

chick and Marvin Ostwald.

For her wedding the bride wore a gown of white Chantilly lace and silk taffeta. Iridescent paillettes patterned the lace of the bodice, which was designed with a Sabrina neckline and long, tapered sleeves, and below the Empire waist, the taffeta skirt flared into extreme fullness and ended in a chapel train. Her illusion veil was held by a coronet of pearls, and she carried a cascade of white orchids.

Following the reception at the church, a wedding luncheon for the members of the family and bridal party was held at the Hotel Cornhusker. The couple will reside at 2102 No. 48th.

# Connie's Column

by Constance Flame

- Potato-Pigs • Home Helper • Today's Kitchen
- Polished Silver • Extra Sitting • Bottle Top Tip

## Pigs in Blankets

Show me the family who wouldn't dote on this recipe, submitted by Ann Bomar of St. Paul, Minn.: Select enough medium, well-shaped potatoes to allow two per person. Scrub well, then hollow out a lengthwise hole in each potato with an apple-corer. Insert a good-sized sausage link in the opening. Season each potato lightly with salt and pepper; wrap an ample slice of uncooked bacon around it and secure with a toothpick. Place them in a baking pan with 1/4 inch water. Bake uncovered one to one and a half hours at 375 degrees.

## Stubborn Bottles

Tressa N. Peters of Valentine, Nebr. says a nut-cracker works like a charm when you're trying to unscrew a small bottle-top that's closed too tight. (This is less risky than removing Dad's pliers from his work-table, I might add.)

## Man or Boy, It Hardly Matters

Whether you ask Son or suggest it to Dad, chances are you get the same martyred reply...men, any age, just hate to take the garbage out! Best solution I know is the gas incinerator...automatic, odorless, and best of all—right-inside the house! Garbage and trash won't collect...just drop it inside the gas incinerator, and your worries are over! Even the ashes are helpful...they make excellent garden fertilizer. Better see

this home helper soon, at your local gas company or gas appliance dealer.

## Fresh-Polished Silver

Have I remembered to say that the silver you've just polished ought to be stored in an air-tight plastic bag? Fasten it carefully. No tarnish for silver treated this way...keeps it dust-free, too.

## Family First-Aider

Home accidents will happen! Usually you're too upset, in the midst of the turmoil, to find bandages and medication quickly. Smartest homemakers I know maintain a first-aid kit (often of their own making) which contains instant-soothers for burns and cuts, bandages, small scissors, cotton swabs, and even a card with the doctors phone number. This box should be kept in a convenient spot, every family member should know its location...and the Baby Sitter should be shown the kit as soon as she arrives.

## Kitchen Trio

Somebody predicted recently that the Kitchen of Tomorrow will contain a deep freezer, a regular refrigerator, and another cold-temperature appliance that crisps vegetables and fruit. No doubt your "kitchen of today" hasn't room enough for all three...but you can get 'em three-in-one, and beautiful to see! I mean the handsome gas refrigerator with its freezer section, crisper section, full-size refrigerator,

too. And this wonder-worker makes ice cubes for you—no trays, no muss, no fuss. See it (and love it) at your local gas company or gas appliance dealer.

## Decorator Stools

Those little cross-legged stools Brother packs off on camping trips can become decorator accents! Paint the legs of three or four such stools to blend with your room scheme. Then cover the canvas tops with a smart new fabric. (Remnants of harmonizing upholstery fabrics might do.) Finished stools can be placed all-in-a-row to form a bench before a window, or paired off in appropriate places for TV-viewing.

## Like a Happy Marriage

Your local gas company works with a partner and helpmate—both dedicated to the plan of making your home more comfortable and efficient, economically! The natural gas you use for cooking, keeping home temperatures comfortable, clothes drying, and refrigeration comes to your home from your local gas company, who in turn gets this modern servant from a supplier: Northern Natural Gas Company, whose pipelines carry gas to your local gas company from hundreds of miles away. Partners in a wonderful project: The art of keeping us happier and healthier!

**DAILY CRYPTOQUOTE**

Here's How To Work It

One letter simply stands for another, in this example, A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

**A Cryptogram Quotation**

# McDERMOTT'S PINCH SINGLE GIVES TIGERS 2-1 VICTORY

Detroit (AP)—Mickey McDermott lined a pinch single to centerfield in his first appearance with the Detroit Tigers Monday and gave them a 2-1 triumph over the Chicago White Sox.

The lean southpaw, who has not seen action as a pitcher, greeted reliever Ray Moore with a line smash that scored pinch runner Johnny Groth from second base. Groth was running for Charlie Maxwell, whose double leading off dictated the removal of starter Dick Donovan.

For eight innings it was a tense pitching duel between Donovan and Detroit starter Frank Lary. Lary was lifted for pinch hitter Bill Taylor, who singled to start an eighth inning rally that enabled Detroit to tie the score.

Lary gave the White Sox only three hits in eight innings and their only run was scored without benefit of a safety.

Lary filled the bases in the sixth inning by walking Nellie Fox and Earl Torgeson and hitting Sherm Lollar with a pitch.

Lary nearly squirmed out of that jam by striking out Tito Francona and Al Smith, using up only seven pitches. He was ahead of Bubba Phillips when he nicked the Chicago third baseman on the wrist and forced home Chicago's only tally.

Blanked by Donovan on four singles over the first seven innings, the Tigers tied it in the eighth. Taylor singled, Harvey Kuenn lined out his third straight single, and Al Kaline drove home the run with a single to center.

The White Sox, who have lost four of six contests, still do not have a complete game out of the pitching staff reputed to be the finest in either league.

Vito Valentinetti set down

the White Sox in order in the ninth and got credit for the victory.

NU Netters Trip Kansas

The Nebraska tennis team Monday defeated the University of Kansas 4-3. Results: Lynn Sieverling (KU) def. Bill North 12-10; George Fisk (NU) def. Bob Peterson 12-5; Art Weaver (NU) def. Gene Kane 13-11; Bob Mettlen (KU) def. Bruce Russell 12-6; Jerry Williams (KU) def. Charles Kress 12-6; North and Fisk (NU) def. Sieverling and Peterson 12-9; Russell and Weaver (NU) def. Kane and Mettlen 12-10.

## Canadiens Welcomed

Montreal (AP)—More than 2,000 hockey fans jammed downtown Windsor Station Monday to welcome the Montreal Canadiens back from Boston with their third straight Stanley Cup.

Coach Toe Blake, after a night of celebration on the train, triumphantly lauded his Canadiens as the greatest team he had ever seen or ever played with.

He herded his charges off to a celebration at the Forum, the Canadiens' home ice, to get a delayed drink of champagne from the historic Stanley Cup itself.

## Table Tennis Title To Brown

Omaha—Arnold Brown defeated Dick Hamlin in the finals of the Class AA Nebraska state table tennis tournament, both winners from Omaha.

Third place went to Fierat Basha of Lincoln and fourth was snared by Ilmars Bergmanis, also of Lincoln.

Brown teamed with Bergmanis to win the state title from Hamlin and Basha.

Bergmanis is the top seeded player in the Lincoln City Tournament which will be held Tuesday and Wednesday.

The pairings: Women's Singles: Carol French v. By: 8:40—Mildred Kleaser v. Ruth Lapnick; 9:40—Lois Wasser v. Crystal Campbell; 8:40—Berta Glaszav v. Ev Dillon. Men's Singles: 7:00—I. Bergmanis v. P. Ivaldy; P. Hyland v. G. Albion; G. Schmeier v. K. Hart; D. Smith v. L. Ward; J. Paeglis v. B. Paulien; J. Ludwig v. A. Bauer; 7:15—Eisenbarth v. Chamberlin; Korsakos v. Day; 7:30—Finley v. Hohnstein; Wright v. Saunders; Bye D. Hansen.

# did you know ...

## That the WARTIME excise tax on Telephone Service is still in effect?!!

Who pays it? **You do.** And it makes your telephone bill for both local and long distance service 10% higher.

This tax is discriminatory because, except for telephone and communication service, only "luxury" items are so taxed. Telephone service is a necessity —has no place with jewelry, furs, cosmetics, tobacco, alcoholic beverages and others in the "luxury" tax bracket.

Other essential household utilities — gas, water, electricity — are not so taxed.

The tax actually started as a "temporary" wartime measure partly to discourage use of the service. The need for this has long passed.

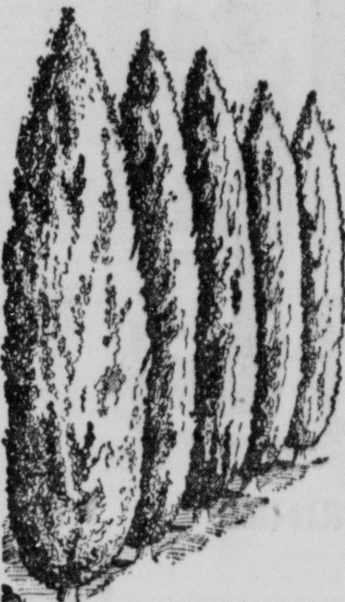

This is not a tax against the telephone company. It is a direct tax against you. We are required by law to add this 10% tax to your bill each month and then remit the tax in full to the Federal government.

We do not question the Government's need for funds for defense and necessary operations. But we do think you will agree that an excise tax should not apply to an essential service.

### WRITE YOUR CONGRESSMEN TODAY

Sit down right now and write a letter or card to your congressmen in Washington. It doesn't have to be long or fancy. Just tell them you want this unjust tax on your telephone removed.

## Prominent Botanist To Lecture At NU

Dr. Katherine Esau, prominent botanist, will present 3 lectures this week at the University of Nebraska.

Dr. Esau, professor of botany at the University of California at Davis, will speak on the following topics:

"Phloem Structure in Relation to Function," Wednesday 4 p.m., Bessey Hall Auditorium.  
"Relations Between Plant

Dr. Esau

Viruses and Tissues of the Hosts," Friday, 4 p.m., Room 320, Foods and Nutrition Building, College of Agriculture.

Dr. Esau is past president of the Botanical Society of America, a former Guggenheim Fellow, a former research fellow of Radcliffe College and a member of the American Assn. for the Advancement of Science.

She was elected recently to membership in the National Academy of Sciences, a scientific honor accorded to few women.

She will be the honored guest Thursday evening at a dinner meeting of the Ne-

braska chapter of Sigma Delta Epsilon.

Her visit is being sponsored by the University Research Council, the departments of botany and plant pathology and Sigma Delta Epsilon.

### Nimble Maria

Athens (INS) — Maria Trichinoglou had a simple answer for police when her husband charged her with causing facial burns with boiling cooking oil. Said Maria:

"The oil was in a frying pan and he was trying to pour it over my head. But I kicked it from underneath and he got it in the face."

## State Aged Assistance Shows March Decline

The old age assistance case load in Nebraska declined slightly during March, the State Board of Public Welfare reported.

The number of individuals receiving blind assistance also dropped a bit. But slight increases were registered in the number of disabled receiving aid and the number of families receiving aid for dependent children.

Old age assistance cases totaled 16,567 in March, with average benefits amounting to \$65.43 per case. The load compared with 16,610 in February and 17,155 in March of last year.

Families receiving aid to de-

pendent children totaled 2,978 in March, 2,927 in February and 2,811 in March of last year.

Blind aid recipients totaled 970 last month, 976 in February and 900 a year ago.

Disabled receiving assistance numbered 1,384 in March, 1,377 in February and 1,288 in March of last year.

### Derby Set

Long Beach, Calif. (AP) — The annual all-woman transcontinental air race, better known as the Powder Puff Derby, will be flown from Montgomery Field, San Diego, to Charleston, S.C., starting July 4, race officials announced.

Assistance payments for dependent children last month averaged \$104.62 per family. Blind payments averaged \$82.01 and disabled payments, \$73.46.

# AP Directors Call Suppression Of Any News Unthinkable

New York (AP)—The directors of the Associated Press called it unthinkable to suppress any news, good or bad.

Citing the business recession and the failure of the first Vanguard satellite missile, they said in a report: "It would be a disservice to emphasize bad news out of proportion, but it would be unthinkable to attempt to suppress news of any kind. Nothing could be better calculated to destroy public confidence quickly and completely."

The report was read at the annual membership meeting of the world-wide news co-operative at the Waldorf-Astoria Hotel.

**Amid Clamor**

The directors noted last December's failure of the Vanguard launching amid a clamor for this country to match Russia's satellite achievements. The report continued: "Both the armed services and the news media were blamed by some critics for creating a spectacle of the failure and injuring the United States in the eyes of the world. We believe this criticism shortsighted."

"A totalitarian government can release only the good news and hide its failure. In a free country, it is the duty of the government (in this case the armed services) and press, radio and television, to report the facts, good and bad. The strength of democracy lies in an informed people."

Of the recession, the directors said:

"As increased unemployment, slackening business and other factors added up to a recession, some individuals suggested seriously that news media had accelerated (or even caused) the downturn by reporting unfavorable facts."

**'Misunderstood'**

"Here again the function of a free press in a free country is misunderstood."

The directors said the AP had provided thorough, fair and factual reporting of business conditions around the country and of school integration in the south. In reference to the Little Rock crisis, the report said:

"Editors of AP newspapers lined up on opposing sides editorially, but for their news columns they used, almost

without exception, the factual accounts by AP's reporters and photographers."

Of the AP's worldwide coverage during the past year, the directors continued: "The news service of the Associated Press fulfilled its obligation to report objectively what was happening and to explain without bias its meaning."

**'Patient' Is 'Rescued'**

Howard Johnson and Arlene Reile, X-ray students at St. Elizabeth's Hospital, portray the role of rescuer and patient as they evacuate the second floor of the hospital during fire drill exercises Monday. The evacuation, which involved moving 25 patients, took only 5 minutes. (Star Photo.)

## Blankets, Beds, Backs Aid Fire Drill At St. Elizabeth

Evacuate!

This order was barked over the inter-com system at St. Elizabeth Hospital at 1:12 p.m. Monday. Five minutes later some 25 persons had been moved from the west to the east end of the hospital's second floor.

Nursing and x-ray students, sisters, patients, and regular hospital attendants participated in the fire drill which is held periodically.

Only a few staff members were informed of the drill beforehand. As the call to evacuate was sounded, staff personnel immediately sprang into action. Student nurses

rushed from their residence to aid regular nurses and sisters in the evacuation.

**Beds Wheeled**

Bedridden patients were left in their beds and wheeled down the long corridor. Others were carried in blankets and on attendants' backs. Still others were assisted as they walked.

Some of the patients were in reality students in the hospital. Many of them appropriately dressed in head bandages, leg and arm splints, and crutches.

Regular nurses on duty watched the proceedings and tried, sometimes unsuccessfully, to distinguish what students were underneath each maze of cotton and bandages.

After all the patients were removed from the ward, Kathleen Anderson and Donna Casement closed the fire door that separated the east and west ends of the floor.

Although St. Elizabeth's is almost fireproof, the drills are conducted to orient the student and staff members in the event they ever work where buildings are not fireproof, Sister M. Erharda, hospital administrator, said.
